

## GENERAL

- Everyone entering event venue will sign entry waiver
- Any participant suspected of drinking or using illegal substances will not be allowed to participate
- All parties inside the venue will follow the direction of ECTA officials, Facility Officials, or medical staff at ALL times.
- No small children or pets are to be allowed to wander unsupervised
- No burnouts unless otherwise noted per venue
- SPEED LIMIT is 5 mph in the pits or when near any people.
- ALWAYS be mindful of other people, property and equipment at all times. Vehicle traffic may intersect foot traffic areas at times.

## PARTICIPANTS

- All participants must be at least 18 years old at the time of the event
- All participants must provide individual TECH and WAIVER forms at Tech inspection.
- All participants must check in at registration before being allowed to participate
- If you are caught speeding in town or anywhere near the event you will be disqualified from the event.
- No overnight camping on event sites unless approved by an ECTA official.

## FOOD

- We will have a food vendor truck onsite for the majority of the day starting in the morning. Please enjoy. If you would like to bring your own meals, feel free.

## MEDIA

- Please feel free to take all the pictures and video you like, and share with everyone. We do have specific media providers that will have access to areas that the general group will not. We can not have any unauthorized person downstream of the racing vehicles due to insurance and obvious safety reasons. I understand this limits visibility. Please follow this direction. Again, only approved media personnel will be allowed access to these downstream areas. Any individuals not adhering to this safety requirement may be asked to leave.

## EMERGENCIES

- We will have a staffed Fire-Rescue vehicle and ambulance on site during all races. They will remain near the event runway for the duration of our races, all day. If any incident occurs, these will be our go-to people. I know many of our participants are medically trained in one aspect or another, but we ask that NO ONE makes their way to an incident for ANY reason. Let the contracted professional medical staff on-site handle it and make the call for 9-1-1 as they see fit. Everyone will be aware and prepared for our event, so please do not complicate any potential incidents. If, for some reason a non-auto related emergency has taken place during the course of our event, our Fire-Rescue EMTs will be able to assist if needed.

**This airfield is private property. We have contracted a portion of it for our exclusive event, and have every right to ask anyone to leave for any reason we see fit. This includes violence, alcohol, adamant refusal to follow rules. This covers all persons involved at this event; staff, participants, spectators, sponsors and anyone else inside venue area. Refusing to leave private property once asked, is then considered trespassing. Please don't make us ask you to leave. We want the day to be enjoyable. So please follow the direction of the event and bring up any concerns you may have.**
